Woody Auction is able to pack and ship most auction items, but there are certain lots when a professional pack and ship company will need to be used. When you need a professional pack and shipper for items purchased from one of our auctions, this limited list of shippers is provided for your use in determining costs and benefits of one over another. We are not in a position to recommend anyone and leave the decision up to you. An Internet search may be helpful for finding pack and ship (or Less Than Load) companies in your locality.

If you choose to use a pack and ship company located in the Wichita, KS area, Woody Auction will deliver your item(s) to that company free of charge.
